

EVCOME Wallbox - Type2

Charging Cable type(Type 2)

Mode 3: Charging Station with a Type 2 socket

Model: EVCR-A-7-22-1-W-SKT-S
EVCR-A-11-38-3-W-SKT-S
EVCR-A-22-38-3-W-SKT-S

LCD

LED Light

Type 1

Type 2

TypeGB

Key Features:

OCPP 1.6J with LAN/WIFI/4G, Bluetooth connection, Public APP start and stop,IP55 Ingress protection.CE,ROHS,FCC approved.Support OEM/ODM service.

It can be easily installed on the wall. If the customer prefers wallbox to be installed on the stand, we can provide the matching one.

Our products have passed various professional tests, and the quality is guaranteed, providing customers with safer charging methods.

Input & Output	
Power rating	7KW/11KW/22KW
Charging interface type	Type 2 IEC 62196
Input & Output voltage	AC220V±10%(1Phase),AC380V±10%(3 Phase)
Output current	16A/32A
Frequency	50HZ
Protection	
Overvoltage protection	✓
undervoltage protection	✓
overload protection	✓
short circuit protection	✓
ground protection	✓
over temperature protection	✓
lightning protection	✓
Function and Accessory	
WIFI/4G/OCPP1.6/LAN	Optional
RFID(2 user cards)	Optional
Display	4.3inch LCD
LED Indicator light	✓
Warranty	12-24 month
Working environment	
IP grade	≥IP55
Working temperature	-25~+50℃
Working altitude	≤2000m
Working Humidity	5%-95% no condensation
Cooling mode	Natural cooling
MTBF	≥100000H
Special protection	UV resistance
Standby power	3W/5W(With LCD)
Mechanical	
Dimension	540(H) × 320(W) ×250(D)mm
Cable length	5M standard,or other size customizable
Weight	7.0kg (Including charging gun)
Mounting Accessories	
Wall-mounting bracket	✓
Ground-mounting pole	Optional
Certificate	
Certificate	CE
